

# Why should you travel by us!

## 1. Safety

We try not to kill that often. In our 3 days of being an official company we only had 2 “accidents”. We use the cheapest planes and riskiest hotels so there is no chance of incidents.

## 2. We care

We care about your money. We wouldn't want something bad to happen to it so we put your cash before anything else. If the plane goes down we grab the money and jump so you can die knowing your money is safe.

## 3. Cost

You should know the higher the price the better the quality, so we try to have the most expensive things. For example if you want a seat belt for the plane ride it will cost you \$1000.

## 4. The plane

This was our last plane

This is our plane now

## 5. The locations

Because everything else is so great we decided to pick the worst places. Like the beautiful city of Rome who would want to go there of all places. In our opinion it is Colima, Mexico. It is the city with the highest crime rate in the world is Colima, Mexico, with a homicide rate of 181.94 per 100,000 people.

## 6. Life
